# OUR COMMITMENT TO OTHERS

## BRINGING PEOPLE TOGETHER

Founded in 1999 (and formerly known as The Smile Foundation), our longstanding charity organisation exists to support the local community and help those most in need. How? By tackling social issues through sponsorship, fundraisers and donations. We proudly collaborate with local charities such as:

### ADIMI

Working together to address a lack of social support for disabled children, Fundación CLC World contributed €1.6million towards a state-of-the-art, professional day-care centre. Named after our late co-founder, the F. Cruz Dias-ADIMI Centre offers respite for families who devote their time to caring for these children.

### Ronald McDonald House Málaga

Collaborating with Casa Ronald McDonald Málaga, in 2018 we sponsored the Lion Room accommodation and the centre's open day, which provides a home-from-home environment for sick children and their families.

### AECC

In support of Cancer Awareness Month 2019, we raised a grand total of €25,200 by getting stuck into car washes, bushtucker trials, bake sales, parties and more. €15,000 was donated to the Spanish Association Against Cancer (AECC), and €10,200 went to Walk for Life Foundation, to support its fight against breast cancer.

### Cudeca Fundacion

Fundación CLC World raised funds to buy a new vehicle for the Cudeca Foundation, a charity that relies on transportation to care for people with cancer in Málaga.

### Down Tenerife

Improving the lives of children and young adults with Down syndrome through assistance programmes, we work closely with Down Tenerife to match the funds raised each year for World Down Syndrome Day. In 2019, the charity received €10,000.

In addition to Fundación CLC World, we also partner with charities to offer precious holiday experiences to those who need it most, providing priceless family time and precious memories for disadvantaged, sick and terminally ill children. Since launching in 2016, CLC World Charity Holidays has donated hundreds of weeks of accommodation.

### Dreams Come True

In 2017, CLC World Charity Holidays launched our partnership with Dreams Come True – a UK charity whose mission is to enrich the lives of children and young people with serious medical conditions – offering over 30 weeks of holiday accommodation every year, including a yearly group trip to one of our resorts in Orlando.

### CFHF

CLC World Charity Holidays started working with the Cystic Fibrosis Holiday Fund (CFHF) in 2016, providing accommodation to children with CF and their families so that they can spend time together away from the daily routine of physiotherapy and medication. CLC World will continue to donate 60 weeks of holiday accommodation to CFHF every year.

### Carers Trust

CLC World Charity Holidays donates holiday accommodation for carers in the UK, including Shared Care Scotland and Lanarkshire Carers Centre. We donate an average of 15 weeks every year to help carers have the break they deserve.
